

Superfine All-Day Sling

Inside view

Outside view

The Superfine sling is manufactured in a new finer fabric that helps to reduce overheating of the body and prevent slipping. It fits well into the chair mould and with the slight two-way stretch gives good support to the body and is extremely comfortable. This sling can also be used for bathing.

Reasons to use this sling:

1. **Ventilates the body**
2. **Reduces Seating**
3. **Reduces slipping in the sling**
4. **Contours the body with the two-way stretch**

The Superfine sling and the Superfine Plus slings are both available in the following styles:

High Easy Style
Longseat
Full Back with Head Support
Universal Deluxe with Head Support
